TAKES A TRIP
TO VISIT THE
PYRAMIDS
IN EGYPT

The Disappearing Dragons game

You will need:

a die

one marker for each player

25 small tokens (buttons, coins, paper clips, etc.) to represent the dragons

- Place your markers on the space labeled "start."
- Place the small tokens in the middle of the gameboard.
- Take turns rolling the die and moving your marker clockwise around the path.
- Follow the directions on the space where you land, removing the number of dragons indicated. If the space has a star, then *add* the number of dragons indicated.
- Whoever removes the last dragon is the winner!

100 Mighty Dragons All Named Broccoli. Written by David LaRochelle and illustrated by Lian Cho. Dial Books, 2023.
